

OATRA

Ohio Auto and Truck Recyclers Annual Meeting

July 11-12, 2014

Fellow Recyclers,

I would like to personally invite you to come and join us at the all new OATRA conference for 2014. With so many radical changes going on in our industry we need to focus on the changes and coming to this meeting can do that! We are changing it up once again are trying a different venue and a different time of year to keep people intrigued with our OATRA meeting! We are going to the beautiful Sawmill Creek Resort, Huron, OH for a fun filled weekend that everyone can enjoy.

This year's event will feature speakers from all parts of our industry, with various topics. I want everyone who attends this conference to walk away with something that they can take back to their business and use. This includes others in your business, not just owners, as we have asked people from various positions to speak on all different parts of our business. In these uncertain times it is more important than ever that we need to meet and share ideas. NOW is the time to revitalize yourself and your staff in order to succeed through what appears to be another very difficult year in our industry.

This being said, a large part of our focus this year is to provide training and discussion for positions other than owners and managers. While it is nice to get updates on Legislation, Workers Comp and other high level business issues, we feel in these times it is more important to go back to basics and make our industry stronger as a whole by focusing on all facets of our business. We need everyone in each of our businesses excited and focused, bringing their best to the table, for this industry to improve.

Please join us for a sharing and educational experience we need everyone's involvement to make this a success!

See you there!

Jim McKinney

President

Ohio Auto and Truck Recyclers Association
